Senate - University of Toronto

October 12th, 1916

To the Senate of the

University of Toronto.

Gentlemen:

I beg to recommend that two of the recently established Fellowships for Postgraduate Work be awarded for the ensuing academic year as follows:

One to Miss Mary E. Currie, B.A., McGill, for graduate work in the Department of Botany.

One to Mr. Raymond C. Dearle, M.A. Toronto, for graduate work in the Department of Physics.

Miss Currie has had a brilliant course in Botany in McGill University and has done work in the Government Experimental Station at St. Andrew's.

Mr. Dearle has had a distinguished record as a student of this University in Physics.

Robt. A. Falconer.

President.

Oct 1916-May 1917

December 2nd, 1916

To the Senate of the

University of Toronto.

I beg to announce to you that after consultation with the Dean of the Faculty of Medicine I wish to recommend that Professor Alexander Primrose be appointed the representative of this University on the Dominion Medical Council in the stead of Professor James W. MacCallum whose term of service is ended.

President.

The Senate's Committee on Honorary Degrees at a meeting held on December 20th, 1914, resolved to recommend the Senate that a special convocation be held on Monday, January 4th, in order to confer the honorary degree of Doctor of Laws upon Sir George Garneau.

Sir George Garneau and his friends from the Province of Quebec are devoting their energy to the successful prosecution of the present war, he, himself, having two sons in active service.

In the judgment of the Committee the occasion of his visit along with some of his fellow-citizens from Quebec is a suitable opportunity for conferring this degree, and it will be a special recognition of the fact that such work as he and his friends are doing in Quebec is of great importance in creating such a sentiment as will promote an abiding unity in this Dominion.

All of which is respectfully submitted.

Minute of the Senate, January 12th, 1917.

"That the Senate concurs in the Resolution of the Caput
"urging universal military training in the University,
"and is ready to co-operate with the Caput or with the
"Board of Governors in finding a solution of whatever
"practical difficulties may arise in giving effect
"thereto"

To the Senate of the University of Toronto,

Gentlemen:

At a meeting of the Committee, appointed to consider the application of the Ontario College of Art for affiliation in the University of Toronto, held on Monday, March 26th, it was resolved to recommend to the Senate that the petition be granted.

CHAIRMAN.

March 26th, 1917.

To the Senate of the University of Toronto:

I submit herewith the Report of the Committee on Social Service setting forth the outline of the course for a second year.

The Committee recommends also that the same fees should be charged for the second year as for the first.

April 13th, 1917. CHAIRMAN.

To the Senate of the University of Toronto:

A meeting of the Committee, appointed to consider the Report of the Faculty of Applied Science and Engineering with regard to the institution of a School of Engineering Research, was held on April 24th, 1917, at which there were present:

President Falconer, Dean Ellis, Dr. Coleman, Professor Wright, Professor Miller, Professor Rosebrugh, Professor Parks, J. M. Clark, E. Professor Walker, Professor Haultain and Professor Angus.

After full consideration it was unanimously agreed to recommend to the Senate that the proposal of the Faculty be adopted and that a School of Engineering Research be appointed as recommended in the report.

All of which is respectfully submitted.

May 2nd, 1917.

CHAIRMAN.

May 18th, 1917

To the Senate of the University of Toronto,

Gentlemen:

I beg to report that Miss Currie, Messrs. Dearle and Pietert have completed the work of this session to the satisfaction of the heads of the departments under whom they studied, and therefore recommend that the Bursar be authorised to pay them the final instalment of their Fellowship.

President.
